

INDEX

A

A Natural History of Homosexuality, 123
Abortion in puberty and adolescence, 82
Acceptance
 attitude of, in interview, 31, 37-38
 sexual desire and, 161-163
ACE inhibitors, delayed ejaculation/orgasm and, 209
Acquired and generalized absence of sexual desire, 164, 183-185
Acquired and generalized orgasmic difficulties in women, 264-265, 273, 282, 292-295
Acquired and situational absence of sexual desire, 164-165, 183-185
Acquired and situational orgasmic difficulties in women, 283, 295
Acquired ("secondary") erectile disorders, 55, 229-231
Acquired generalized delayed ejaculation/orgasm, 207, 211
Acquired sexual disorder, 54-55, 154-155
Acute depressive disorder
 diagnostic criteria for, 133
 hypoactive sexual desire and, 186
 patient's attitude toward sexual activity and, 129
Acyclovir, vulvar vestibulitis and, 293
Adaptation, premature ejaculation and, 202-203
Addiction, sexual, 143
ADIOL; *see* 5-Androstene-3[beta], 17[beta]-diol
Adolescence
 abortion in, 82
 atypical experiences in, 81
 initial intercourse experiences in, 80-81
 masturbation in, 78-79
 physical changes in, 77
 pregnancy in, 82
 sexual assault in, 82
 sexual development history in, 75-82
 sexual function difficulties in, 81
 sexual orientation in, 79-80
 sexually transmitted diseases in, 82

Adulthood

older
 generalized erectile dysfunction and, 243
 impact of hormonal changes on sexuality in aging women, 89
 sexual changes associated with, 233
 sexual development history in, 84-89
 sexuality and, 85-86
 sexuality of aging men in, 86-87
 sexuality of aging women in, 87-89
 physical illnesses and disability in, sexual issues and, 126-132
 sexual sequelae of child sexual abuse in, 139-142
 sexual-development history in, 82-84
Aggression, sexual, psychiatric disorders and, 137-138
Aging; *see* Adulthood, older
AIDS
 chronic mental illness and, 136
 homosexual behavior and, 122
 interview and, 2, 3-4
 sex history and, 9, 16-18
AIH; *see* Artificial insemination
Alcohol
 generalized erectile dysfunction and, 241-242
 neuropsychiatric effects of, 242
 nocturnal penile tumescence and, 242
 orgasmic difficulties in women and, 267-268
 retrograde ejaculation and, 214
Alcohol-induced peripheral neuropathy, 242
Alpha interferon, vulvar vestibulitis and, 293
Alpha-adrenergic agents, retrograde ejaculation and, 214
Alpha₂ agonists, delayed ejaculation/orgasm and, 209
Alpha₁ blockers, delayed ejaculation/orgasm and, 209
Alprostadil, transurethral, generalized erectile dysfunction and, 250, 251-252
Amantadine, delayed ejaculation/orgasm and, 210, 211
Amitriptyline, retrograde ejaculation and, 214
Anafranil; *see* Clomipramine

- Androgens, 183-185
 erectile dysfunction and, 250
 sexual drive and, 183-185
- 5-Androstene-3[beta], 17[beta]-diol (ADIOL), 184
- Anejaculation, 192, 216
- Anesthetics, vulvar vestibulitis and, 293
- Anger, submerged, sexual desire and, 175
- Anorexia, sexual, 159
- Anorgasmia dysfunction, 262
- Anorgasmic ejaculation, 192
- Antegrade anejaculation, 216
- Antegrade ejaculation, 215
- Anti-androgen drugs, sexual desire and, 174
- Antianxiety agents, effects of, on orgasm in women, 267
- Antibiotics, vulvar vestibulitis and, 293
- Anticholinergics, retrograde ejaculation and, 214-215
- Antidepressants
 delayed ejaculation/orgasm and, 210, 211
 effects of, on orgasm in women, 267
 hypoactive sexual desire and, 172
 premature ejaculation and, 199
 retrograde ejaculation and, 214
 sexual desire and, 174
- Antifungals, vulvar vestibulitis and, 293
- Antihypertensive agents
 delayed ejaculation/orgasm and, 208
 erection disorders and, 241
 retrograde ejaculation and, 214
- Antipsychotic agents
 effects of, on orgasm in women, 267
 retrograde ejaculation and, 214
- Antiviral agents, vulvar vestibulitis and, 293
- Anxiety
 metaperformance, erection disorders and, 233-234
 performance, erection disorders and, 231, 233, 234
- Apathy, sexual, 159
- Appetite, sexual, 159
- ARFs; *see* Arterial risk factors
- Arterial disease, erection disorders and, 238, 239
- Arterial risk factors (ARFs), erection disorders and, 239
- Artificial insemination (AIH), vaginismus and, 290, 292, 295
- Asphyxia, sexual, 147
- Assault, sexual, in puberty and adolescence, 82
- Assessment
 history-taking and interviewing and, 1-152
 of low sexual desire, 162
- Assessment—cont'd
 of sexual dysfunctions, 93-109
- Atrophic vaginitis, 180
- Attitude
 of acceptance in interview, 31
 nonjudgmental, interviewing and, 31, 37-38
 toward sexual activity, patient's mood and, 129
- Atypical experiences in puberty and adolescence, 81
- Atypical sexual behavior, roots of, in childhood, 74
